## La Crosse River State Trail (LRST)

This state trail, which eventually connects to the Great River State Trail, follows an old railroad line south of West Salem. The two trails allow users to travel easily between Trempealeau in Trempealeau County and Sparta in Monroe County.

West Salem constructed a trailhead with a parking lot, gazebo, and bathrooms at the southwest corner of Elm St and Mill St to accommodate users of the trail. La Crosse County constructed a trail through Veteran's Park to connect the park to the trail and to provide a means for residents living on the west side of the Village to easily access the trail.
